

# 40 Riders of Salam (Peace)

## The Dream

I saw 40 riders on horseback in a dream of the night on March 3<sup>rd</sup>, 2008. They were identified to me as the "40 Riders of Salam." The term Salam is Arabic for peace and is commonly used as a salutation by Muslims. The Riders were dressed in Middle Eastern robes and looked like what you would imagine Ali Babar and the 40 thieves to look like. I then found myself in what appeared to be a court room without walls or roof.

These 40 riders were dismounted from their horses and were seeking to free a man located on a high pedestal in the courtroom. I could not identify the man. They were given this task and if completed, the man would become theirs to command. If they could not free the man to make him their own, he was to be secretly killed by them.

## Interpretation

Now awake, I was shown that the 40 Riders of Salam are representative of a specific group of spiritual forces that are loosed to seek to bring the world religions under one banner. They are a forerunner to the Antichrist that is to come.

It is significant that the riders hold the name Salam which is the Arabic word for peace and commonly used by Muslims yet the 40 in the dream only were tasked to bring bondage – not peace. The use of the term is a deception to put the Church off guard and cause the Christians to embrace them as a legitimate religion of choice in the West.

Over 1000 historic churches in Britain alone have been purchased by Muslims and are being made into Mosques. This religious court is in session and the task requirement for the 40 riders is to infiltrate all opposing religions who oppose Islamic ideology and to gain their trust by 'legal argument' of theology and social philosophy and then sway their beliefs to accept them. Arguments of pluralism, respect for other religions, false promises and deception were used in this court

## Kabbalism Unites.

I believe it is a form of mystical Kabbalism that will unite the mystical religions in the West and eventually bring them all under one banner for the use of the regime of the Antichrist.

In the US, mystical religions include Christian groups and non-Christian groups that espouse 'positive confession', 'positive thinking', 'confess and possess it' theologies. These are now more readily accepted over the theology of repentance, forgiveness through the Blood of Y'Shua and empowerment through the Holy Spirit. Such a deception is becoming pervasive among mega churches and tele-evangelists as they seek to appeal to a wider audience to generate more revenue.

Religions that aid this charge and openly give support to the 40 Riders of Salam are the Christian Science, Scientology, Mormons, Muslims, Jewish Kabbalists, Free Masons and most secret societies along with many others.

If the 40 Riders cannot bring the influential leaders of these groups to their ideology, they will reveal secrets about the leaders that will destroy the integrity of their ministries and they will place their own man in his place.

Many of the largest and most influential ministers in the US have already taken bribes and/or indulged in forbidden immoral or illegal activities. They are ready targets and will lose all influential standing and associated income if they do not comply.

The Love of Money (as the root of all evil) is a very strong factor in keeping this deception active in the Christian Church.
