

# Puppet Theater of the Word

by David Michael, [info@glentivar.org](mailto:info@glentivar.org)

## The Dream

In the early morning of the 16<sup>th</sup> of June 2012, I had a dream-vision where I saw a number of gypsy styled wagons with the sides having large openings set up as a mobile stage for puppet theater. As I watched in this dream I saw a group of wagons being pulled by various vehicles by puppeteers traveling from place to place to provide shows about the teachings of the Bible and to deliver prophetic messages.

## Self-Sufficient Wagons

The puppeteers lived in these wagons that had beds and a small wood stove for heating and cooking. Each wagon was completely self-contained in its ability to travel most anywhere to perform. The wagons had 12 VDC powered sound systems built in so performing to large crowds was possible. On the roofs of the wagons were solar voltaic panels for charging the 12 VDC batteries to run lighting and the sound system.

## 'Wagon Train' Ministry

I then saw in the dream this team of puppeteers stopping at Mall parking lots, rest stops, large gas stations or other public places and just start performing puppet shows to those walking by.

The wagons were observed making a circle in large parking lots and providing plays from the different wagons to a group to gather in the center.

Folding chairs were provided for the audience. One wagon would do a short play then the next in rotation. The team visited churches on Sundays to perform at sponsored events outside. The team was seen gathering to pray each morning

to be led by the Holy Spirit as to when and where they would perform that day. I then awoke from this dream.

## Easy Fit for Me

In considering this dream, I admitted to myself I am a builder of wagons. I am now praying about this dream asking if it is what I am to be doing now for more effectively getting the gospel message out to the American people and to others we meet.

The need is now for the sharing of the good news of the Gospel and the prophetic message about the need for all to prepare for the coming political-economic collapse.

This collapse will bring with it many difficulties into the world in these last days and many will

die because they are not prepared.

With a college background in theater production and puppet theater, this would be a natural and easy direction for me to pursue in ministry. The scripts for the puppets can be very diverse with added music and singing employing opera, country, rock, pop, or any music style possible. Actors could wear full body puppet costumes or period costumes who would perform in front of the puppet wagons to better interact with the audience. Hand and marionette puppets would also be used in performance.

### **Theme Wagon 'Sets'**

With many wagons traveling together, each wagon could be built after a biblical theme like the wagons were in the mystery plays of the Medieval ages. If the story or message was about Satan or the rise of the Antichrist or hell, it could be a 'dragon' and hell-hole looking wagon set for this message.

If the message was about the 10 Commandments, it could be a wagon looking like a mountain with smoke with a Tabernacle set on the mountain where Moses received the 10 Commandments from God (YHWH). If it was about Jonah and the great fish in teaching that we cannot escape from God, it could be a ship designed wagon.

Funding is always a challenge for such ventures but first one must be convinced it is the leading of the Lord to do now in this time and place before funding can be expected to become available. Keep this in your prayers and contact me if you would like to participate in the development of this traveling ministry.

If we get enough interested in wanting to commit to this ministry, it can be very possible. This ministry could be put together most anywhere and travel in the southern US during the winter months and in the northern States during the summers. It could even travel into Europe and toward the Middle East on a Pilgrimage to Jerusalem. This could become a troubadour life-style for many in sharing the Gospel to the needy in the difficult years ahead.
