

Pursued by the God of War: Dream

by David Michael, info@glentivar.org

In the early morning of the 18th of January 2016, I was among many peoples in what appeared to be the Highlands of Scotland. It was in modern times and we were at war. We were more specifically being pursued by the Celtic God of War named **Belatucadros** and his armies and were on the run hiding in the Highlands of Scotland. I was told the name of this demigod tyrant in the dream and had to look it up not remembering ever hearing this name before. This dream may be a premonition of a future event yet to occur.

Belatucadros or Belatucadrus, was a deity worshipped in Celtic northern Britain in the Roman period where he was identified with Mars and appears to have been worshiped by Roman soldiers as well as by Britons. In five inscriptions he is called Mars Belatucadrus. The name is frequently translated as 'fair shining one' or 'fair slayer'.

In ancient Roman religion and myth, Mars (Latin: *Mārs*, [ma:rs]) was the god of war and also an agricultural guardian, a combination characteristic of early Rome. He was second in importance only to Jupiter and he was the most prominent of the military gods in the religion of the Roman army. Most of his festivals were held in March, the month named for him (Latin *Martius*), and in October, which began the season for military campaigning and ended the season for farming.

Under the influence of Greek culture, Mars was identified with the Greek god Ares, whose myths were reinterpreted in Roman literature and art under the name of Mars.

Ares /'ɛəri:z/ (Ancient Greek: Ἄρης [áre:s], literally meaning "battle") is the Greek god of war. He is one of the Twelve Olympians, and the son of Zeus and Hera. In Greek literature, he often represents the physical or violent and untamed aspect of war, in contrast to his sister the armored Athena, whose functions as a goddess of intelligence include military strategy and generalship.

The Greeks were ambivalent toward Ares. Although he embodied the physical valor necessary for success in war, he was a dangerous force, "overwhelming, insatiable in battle, destructive, and man-slaughtering." His sons Fear (Phobos) and Terror (Deimos) and his lover, or sister, Discord (Enyo) accompanied him on his war chariot.

Many Names

As we have seen in the above text, the god of war Belatucadros (Celtic), is also Mars (Roman) and is also Ares (Greek). In the pantheon of Sumerian gods, this deity takes on a female character like Athena as Ishtar or Inanna as the goddess of fertility, love, and war. Inanna's name derives from *Lady of Heaven* (Sumerian: nin-an-ak). She is granddaughter to the Anunnaki King Anu her father being Enlil in the Sumerian religion. Enki, the brother of Enlil, was father to Marduke who is also known as Ra in the Egyptian religion whereas Inanna is also called Ishtar. Inanna/Ishtar was the historic Empress over Sumer and her heirs continue in war against Ra who ruled over Egypt in circa 2500 BC. These two houses are divided and are at war with each other.

She is also associated with Venus. Yet as both the goddess of love and war with both masculine and feminine qualities [shape shifting?], Inanna is poised to respond, and occasionally to respond with outbursts of temper. Mesopotamian literature takes this one step further, explaining Inanna's physical movements in mythology as corresponding to the astronomical movements of Venus in the sky.

Mary, Mother of God is Inanna

In modern times, “Mary the Mother of God” is the Lady of Heaven or according to the Book of Revelation, reveals her true cloaked origin as the Harlot who sits on the 7 headed 10 horned Beast of the Roman Catholic church. More specifically, she will soon head up the remaining 7 nations of the Holy Roman Empire to include Britain, Switzerland, France, Germany, Portugal, Spain and Italy. She is given power by the Roman Church as the New World Order for a season and 'sits on many waters' suggesting world wide influence and power.

Anunnaki Wars

In this rule, Inanna is historically opposed to the rule of Ra who also seeks to become the supreme ruler of the Anunnaki planet of Nibiru and over Earth. An alliance may be forged for a season between them. I believe Inanna will be offered the seat of power to sit upon the great beast of seven heads and ten horns as the rule of Ra with Inanna as the 'mother of god'. This will be presented to the world as Mary and Jesus. This is how the treaty between these two warring factions will play out. It is the temporary uniting of the royal line of Enlil (Inanna) and the royal line of Enki (Ra).

Inanna was and is not human but may be counted among the fallen angels of the 'Watchers' or more likely as indicated above as a Royal Anunnaki of Nibiru (Planet X) and is a shape shifter as affirmed by Enoch so can present herself as either male or female in love and war. However, she may acquire (possess) a human body in her coming role of human destruction that has come to earth. It is prophesied in the bible she will pursue and kill the saints (true believers in YHWH) by the millions during her tenure as the figurehead of the Roman Church presenting herself as Mary the Mother of God and as head over the still existing Holy Roman Empire. America will bow to this Image of the Beast in becoming the two-horned beast described in Revelation and worship her and become her right arm in bringing the rest of the world under her power as her private military.

We are at War

As I reflect on this dream, I must ask, “who were we?” The Culdee. And, “who is our enemy?” The Roman Catholic Church who has adopted the Sumerian religion that became the base deity for the Chaldean, Babylonian, Greek, Egyptian and Roman gods. This demigod will have a major rule over Scotland at this time. She/he will seek to claim Iona, Glastonbury and Tara, Ireland and become the Mother goddess of many names for many religions. Beware of her devices.
