

# Sword Crosses Impale Altars

## Testimony Against the Churches

In the early morning of the 30<sup>th</sup> of March 2107, I traveled around a city with a group of others who were visiting all of the Catholic churches in a large city. We were there to place a testimony against them for departing from the faith and would confront priests and monks if we came upon them. Our primary task was to place a large slender bladed golden sword with a crossed hilt into the floor before the altars that had been desecrated with the Luciferian agenda now ruling in the Roman Catholic Church spawned by the Jesuits.

## Unholy Mass

The cross in the floor before the altar was a sign to the people, the demons, fallen angels and to the holy angels that the judgment of YHWH through Y'Shua would come against this church or chapel and that the people should no longer participate in the unholy Mass offered in this place. Just as the Apostles in Jerusalem instructed the converts to not eat food that is offered to Idols, the true faithful were not to take the wine and host (holy food) that had been offered to Lucifer and a host of Idols prevalent in the Catholic, Orthodox and their spawned churches.

In this task of the night, we as a team of about 5 were dressed as Holy Knights of YHWH as we placed many sharp tipped golden swords in the floors before Altars all over this city so that they could not be easily removed. These were not earthly swords but swords from heaven given to us to place in the Altars as a sign of impending judgment. "Get out from among them" was the battle cry even as Lot was told by angels to get out of Sodom before the hand of judgment comes upon this city or church. So it is with these churches.

On one occasion at a monastery, I encountered a priest who I strongly advised he needed to get out of the Roman Church since it had been hijacked by the Luciferian Jesuits. He listened but made no commitment to do so. Upon my leaving, a spiritual sword was thrust into the floor before his altar as well.

## Take Nothing

Later we impaled the floor before the altar in another church with a sword of pending judgment. This judgment is not from YHWH but will come from the Antichrist. The sword is a sign from YHWH to say, "You are not protected!" We never ran out of swords for this task. They just kept appearing for us to use when they were needed. As we were leaving, I found some armor parts and paraphernalia in a box near a dumpster adjacent to a thrift shop at this church. I picked up the box to put it in the back of a 1970's vintage one-ton flat bed truck we were using to travel around the city. When I got into the truck, I was told by one of the others to not take it. He said, "We are here to give and not to take... put it back." I then was yelled at by the thrift shop people to put it back. I put it back and apologized stating, "Ma'am, it was near the dumpster so I thought it was a throw away box." We then left that church. This mission of the night then ended.

## Conclusions

The Lord is now going through the churches and denominations to determine if they are his or are the churches in league with the Antichrist. It is in the middle of this month March that the Antichrist regime has been given liberty or really permission by YHWH to rise up and take control of the nations. Prayers to save your nation will no longer be heard. Sides are being drawn for the sake of the angels so they know who is of YHWH and who is for Satan. There is no fence sitting in this as Y'Shua said, "I would rather that you were cold or hot but because you are lukewarm, I will spit you out of my mouth." Those who think they are christian but are lukewarm just following ritual and a form of godliness will be spit out of the sheepfold of God's protection.

I was told not to take anything from the churches who are marked with the sword of judgment. I am not to benefit from them in any way but must leave even their trash behind and not touch it or take it. Even so this should be the mandate for the prophets who are sent out to the churches and led to leave the sword of YHWH as a sign for their future judgment in the hands of the Antichrist regime. Pray that you may NOT receive this sword impaled into the floor before the altar of your soul.
