

Dukes of Argyll

by David Michael, info@glentivar.org

The Encounter

This is very old dream I happened to remember in 2019 but occurred back in about 2009. I was sleeping in the night and I was awakened with a voice from the heavens that said, “**The Duke of Argyll will assist you in the establishment of a Holy Kingdom in Scotland.**” I then awakened.

Dal Riada

Since that time I have become aware of the fact Argyll was anciently called Dal Riada when it was ruled by King Aedan, also father of Arthur of the Hebrew royal line of the High Kings of Ireland. Aedan was blessed with the first coronation (really ordination) in 574 AD upon the Stone of Destiny (Jacob's Pillow Stone) held in Iona, Scotland conducted by St Columcille. Iona today is still legally claimed by both Ireland and by Scotland. Evidence for King Arthur ruling in Argyll, Scotland is contained in the Martyrology of Aengus the Culdee written before 800 AD... more likely circa 600 AD.

Lady of the Lake

Arthur's mother, Ygernia de Acqs, daughter of Queen Vivian came from the Septimianian Hebrew royal line in France. The most reliable sources suggest this line originates with St James the Just also titled 'Joseph', the half brother of Jesus as the real person known as Joseph of Aramethea. This history with James aka Joseph was held by the Orthodox Church well into the 9th century. Jesus was royally titled the 'Melchizedek'.

Some historians suggest the royal line of fisher kings stemmed from Jesus and Mary Magdalene but this presumes Jesus never died on the cross. The French houses coming from this Septimianian Royal Hebrew line included the princes of Toulouse, Aquitaine and Provence (sp) and the queens of Acqs. Acqs is related to water from which the phrase “Lady of the Lake” was derived. This Acps house was thought to have the Sword of Goliath passed down from King David and may have become the Excalibur of Arthurian lore. Thus, the Lady of the Lake gives Arthur the sword Excalibur.

Two Houses Merge

These two Hebrew royal houses are outside of any Roman jurisdiction and only the prophets of the Nazara sect (called Culdee among the Celts) can provide ordinations to establish kings and queens which are called Fisher Kings. St Columcille was one of these abbot-prophets also of the blood line of the High Kings of Ireland. It should be clarified the line of Fisher Kings is not determined by the right of first born but could be anyone of this royal line as chosen by YHWH as affirmed by the Stone of Destiny in the case of the Celtic line of kings. It is thought that the Stone of Destiny will start vibrating as the rightful and anointed man to be king stands upon it having the same resonance (anointing) as the Stone.

Since it was the daughters of the last ruling King Zedekiah who spawned the royal bloodline of the High Kings of Ireland in circa 500 BC being brought there by the prophet Jeremiah and it was Mother Mary who provided the messianic royal line of King David to Jesus, the royal line is now strongly passed through the female. However, with the Septimianian line originating with James the half brother of Jesus then passed on to the Acps queens, this male and female royal line were merged into a single line in Arthur and his descendants.

Rome Seeks to Destroy

By the 8th century, Rome sought to destroy this Hebrew royal line of males while also having Charlemagne marry a female of this line to then claim the divine right of King David in establishing the Holy Roman Empire. By the 13th century, Rome again sought to fully destroy this Hebrew 'church' and its holy princes of the family of Jesus in marking them as a rival church and then sending in 30,000 troops in 1209 in destroying the Hebrew Cathars of the leading royal house of Provence. Some males of this princely house escaped. They are associated with the royal symbol and banner of the male line of Provence represented as a unicorn or unicorn with crown over its neck. Thus in grail legend, the grail princess is continually drawn to the unicorn which is her male counterpart in this saga for the survival of the Hebrew line of Fisher Kings.

This genocide of Fisher kings by Jesuit Rome has not ended. It is now conducted by Jesuit controlled assassins if such persons of the Fisher king line do not pay fealty to Jesuit Rome. However, some are known to be protected by YHWH and his angels in awaiting the day when the Melchizedek will return and subdue the sons of darkness.
