

Dream: How to become a Liberated Woman!

By David Michael

I experienced this event in a dream at 10:30 AM on the 8th of December 2022.

I was in a large conference and there were what seemed to be thousands attending. A woman passed me by showing the traits of having embraced the militant feminist movement.

As she passed by me, the Holy Spirit fell upon me and I began to prophecy to her in song. By then she was perhaps 50 feet away from me.

She was young with short hair and not too tall and slender build. Similar to the picture below. My singing voice was so loud among thousands attending that I could hear my voice bouncing off the walls but I had no microphone.

The Lord had me sing such things as:

"You are a chosen holy Woman before me." "I knew you before you were born and loved you and called to you then." "I will empower you with humility and faith." "I will bring security and peace to your heart and mind." "Come to me my child and feel my love for you." "Come now."

There was much more I sang with more details about her life that I cannot remember as it was a long song.

Upon her hearing this song from God sung to her directly, she fell to her knees in tears, repented and embraced her loving God. We never did meet. It was just her, God and his voice at a distance through me. I am not even sure she knew who was singing her song. I was not important.

As I was leaving and people came to me I just told them,

"If you want to be a Liberated Woman, you must first be liberated by God."
