## Prayer Warriors in UFOs

I had a revelation in a dream that I am to make this place a house of prayer for battle. We can conduct war anywhere in the world through prayer that deploys the armies of YHWH there without our having to physically be there. Many times I have found myself somewhere in a dream state to observe and fight in one of the spiritual dimensions.

According to a 2012 dream, YHWH has special ops forces of only 5 people who were greatly feared by the Antichrist armies. This is also the number for USMC insurgent teams

Marines with Marine Corps Air Station Iwakuni's [Special Reaction Team](#) (SRT) entry element stack up and prepare to clear a building during training. A typical 5-man Special Reaction Team entry element comprises of a number of specialist roles, including Team Leader, Defenseman, Rear Security and Pointman. The position at the front of the stack is taken by the Pointman. An SRT's Pointman's responsibilities include leading the entry element during approach, conducting reconnaissance, carrying any special equipment such as ballistic shields, recommending routes of approach and providing security for the element. Each member of the SRT entry team is cross-trained in all disciplines so they can adopt the other roles if needed.

Here is the 2012 dream that shows this in action. This was not a dream but a real event. Below is what the ship looked like - no engines, markings, windows or levels - just big enough for 5 people to sit in around in a circle holding hands. Very thin walled like tin foil but impermeable.

The strong men in this present NWO war are all in the higher spiritual dimensions. You cannot kill them with a gun, fire or a missile. The physical people and physical armies we see are just their subservient boots on the ground. You may kill them but the generals will just send out more. Jesus said to first bind the strong man (generals) and then you may pillage the house (armies) on the ground who then loose their command directives and get confused and often flee. Mark 3:27
